CALIFORNIA AFTERSCHOOL NETWORK

THEORY OF CHANGE

THE CHALLENGE
Children, youth, and families, especially those most in need, lack access to high-quality out-of-school time learning and enrichment opportunities that promote child and youth success, support working families, and increase positive community outcomes.

THE VISION
For California to boast an abundance of high-quality out-of-school time opportunities that enable children and youth to maximize their potential.

THE MISSION
To provide professionals, advocates, and community members the tools and resources necessary to build high-quality out-of-school time programs in California.

THE PURPOSE
The purpose of the California AfterSchool Network is to increase access to high-quality out-of-school time programs that support success for all children and youth.

ORGANIZATIONAL GOALS
CAN is “of the field and for the field”, serving as a collaborative nexus for diverse out-of-school time stakeholders to collectively address significant field needs and advance innovation.

CAN is a catalyst for quality, building capacity by promoting a shared vision of program quality and advancing a culture of continuous improvement.

CAN is a one-stop communication hub providing information on tools, data, resources, policies, and practices for all out-of-school time stakeholders.

ANTICIPATED CHANGES
Strong and diverse government, business, school, and community partnerships support out-of-school time programs for all children and youth.

State and local policy decisions prioritize high-quality out-of-school time opportunities.

Programs and staff have the resources and capacity to implement and continuously improve out-of-school time programs.

Children and youth benefit from high-quality out-of-school time learning and enrichment opportunities, resulting in positive developmental, academic, and wellness outcomes and increased readiness for college, career, and civic life.

WE KNOW THAT

- All children and youth can achieve a high level of success when provided the opportunity.
- Out-of-school time programs improve academic, social, and emotional development of children and youth.
- Out-of-school time programs help mitigate economic, educational, and health inequities in our communities.
- Supporting out-of-school time professionals with resources and professional development results in a strong out-of-school time workforce and continuous quality improvement of programs.
- The out-of-school time field is innovative, and innovation spreads when out-of-school time professionals come together to learn and share.
- Children and youth benefit from strong partnerships between educators, out-of-school time professionals, policy makers, community organizations, and families.
GOAL 1
CAN is “of the field and for the field”, serving as a collaborative nexus for diverse out-of-school time stakeholders to collectively address significant field needs and advance innovation.

Objective 1A
CAN facilitates and participates in collaborative cross-sector forums that effectively advance partnerships, practices, and policies that support out-of-school time learning and enrichment opportunities for children and youth.

ACTIVITIES
• Participate in and facilitate forums that advance collaborative partnerships, spread quality practices, and promote federal, state, and local policies that support out-of-school time learning and enrichment opportunities for children and youth.
• Engage stakeholders through a rich field committee structure to advance initiatives addressing emerging field needs, such as effective policy and quality, child and youth health, wellness, learning, and development; child and youth readiness for college, career, and civic life; and building the capacity of the out-of-school time workforce.
• Maintain a geographically, professionally, and culturally diverse Leadership Team with members from all areas of the state that represent diverse backgrounds and expertise, and are reflective of the field, out-of-school-time professionals, families, young people, and traditionally underserved communities.

Objective 1B
CAN remains nimble and is positioned to address significant field need, spread innovations, and advance state and local policies for out-of-school time youth, families, and communities.

ACTIVITIES
• Provide resources and forums that strengthen K-12, higher education, and out-of-school time partnerships to support student success across unique learning environments.
• Strengthen California’s out-of-school-time workforce by deepening partnerships with California’s workforce development infrastructure, supporting college and career pathways, and increasing volunteerism.
• Provide information, tools, and resources to address current and emerging field needs including but not limited to career exploration and development, Social Emotional Learning, STEM, nutrition, health and wellness, support for English learners, equity and social justice, support for older youth, and rural programs.

Objective 2A
CAN facilitates collaboration and alignment among various types of out-of-school time programs.

ACTIVITIES
• Facilitate mutually beneficial cross-sector partnerships between California’s expanded learning, school-age child care, local/regional, municipal, and community based organizations.
• Support implementation of the California Department of Education’s Expanded Learning Division Strategic Plan as a statewide Technical Assistance Provider.
• Participate in, and facilitate forums that increase cohesion and collaboration among California’s out-of-school time Technical Assistance (TA) providers.

GOAL 2
CAN is a catalyst for quality, building field knowledge, skills, and capacity by promoting a shared vision of quality, sharing promising practices, and advancing continuous quality improvement.

Objective 2B
CAN disseminates and shares promising practices and provides virtual and in-person forums to build the capacity of the field to implement high-quality programs.

ACTIVITIES
• Provide access to tools and resources, promising strategies, professional development, and trainings to enhance out-of-school time program quality.
• Increase program access to information, tools, and technical assistance supporting Continuous Quality Improvement.
• Work to build the capacity of California’s expanded learning site coordinators by creating platforms for them to learn and share quality practices as well as common challenges and solutions that hold promise.
GOAL 3
CAN is a one-stop communication hub for all out-of-school time stakeholders, providing information on tools, data, resources, policies, and practices.

Objective 3A
CAN is a resource for relevant data, data analysis, and policy information for expanded learning programs and other out-of-school time programs, including publicly and non-publicly funded programs.

ACTIVITIES
- Maintain an online policy information hub that provides up-to-date data and information regarding out-of-school-time, expanded learning, child care, education, child and youth development, health nutrition, and wellness, enrichment, and recreation policies.
- Gather, analyze, and share data so multiple audiences become aware of emerging needs and opportunities, and accelerate adoption of promising practices.
- Expand database capacity to provide a clearer picture regarding California’s expanded learning, childcare, municipal, and community program infrastructures, as well as information on field in opportunities such as the federal after-school meals program.

Objective 3B
CAN provides timely communication to the out-of-school time field regarding program quality, policy, tools, funding, and other relevant resources through a one-stop web-based information hub, electronic newsletter, and social media.

ACTIVITIES
- Engage in web, newsletter, social media, and statewide/local information and resource awareness efforts that provide information to increase out-of-school-time program quality and enhance out-of-school time partnerships.
- Reorganize website content to increase user access to relevant content, user engagement, and visual appeal.
- Use electronic newsletters and social media to increase user engagement.

Acknowledgements
The California AfterSchool Network lives its motto of being “of the field and for the field.” This strategic plan was created and informed by CAN’s leadership team of geographically, professionally, and culturally diverse out-of-school time professionals and stakeholders and Field Committee leadership. CAN would like to thank the following individuals for informing CAN’s strategic direction:

Diego Arancibia
Director, ASAPconnect
Santa Clara County Office of Education

Sandy Birmingham
STEM Pipeline and Outreach Coordinator
CAL State Channel Islands

Tia Dwyer
General Manager
Think Together

Bill Fennessy
Director of Community Engagement and Work-Based Learning
THINK Together

Michael Funk
Director
California Department of Education – Expanded Learning Division

Jessica Gunderson
Senior Policy Associate
Partnership for Children and Youth

Jeff Hamlin
Consultant
Ventura County Office of Education

Arnell Hinkle, MPH, RD, CHES
Executive Director
CANTT

Bruno Marchesi
Chief Operating Officer
Center for Collaborative Solutions

Susan Maschmeier
Healthy Start and After School Director
South Bay Union School District (retired)

Normandie Nigh
Chief Executive Officer
A World Fit for Kids!

Jason Riggs
Executive Director
Extended Child Care Coalition of Sanoma County

Shu Semigran
Co-Founder, President
Edcare Foundation

Julie Sesser
Specialist, ASAPconnect
Santa Clara County Office of Education

Darci Smith
Organizational Effectiveness Consultant
Facilitator

Special thanks
To the CAN Strategy Committee who held the primary responsibility for implementing a data-driven strategic planning process. Without their hard work and dedication to the process, this strategic plan would not have been possible.
