

Activate Play Day in Your Area!

What is Play Day?

Play Day is a nationally recognized and celebrated event with organizations joining from across the country to uplift the lifelong benefits of sport, play and movement for all kids. Play Day launched in Los Angeles, and has spread nationwide to encourage the essential value of playing together.

Play Day shows how the joy of sport inspires communities to build new connections. The **LA84 Foundation** and **Play Equity Fund** join our partners for this exciting moment annually to support greater access to equitable experiences in youth sports and play programs.

CAN's Role in this Work: *Connect, Convene, and Inspire*

CONNECT with those across the state, nationally, and globally who are advancing work in sports, play, and movement to strengthen our Physical Health and Wellness Initiative.

CONVENE with those working to support youth, families, and communities through sports, play, and movement, learning and growing alongside one another.

INSPIRE with those across Physical Health and Wellness systems to create quality, lasting opportunities in sports, play, and movement for youth, families, and communities.

The 5 Stages of Play Day Activations:
