- Site Staff- High School
- Administrators (e.g.- Program Directors, Principals, etc.)

### Skill Building

**Please provide a short description of your workshop around this quality standard:**

This workshop will reference a definitive framework for youth development and provide a definition and facilitated discussion of youth development “offspring” that come our way from recent research: the Learning in Afterschool & Summer (LIAS) learning principles, social emotional learning, character education, growth mindsets, and more. We will provide examples of how these things are being translated into afterschool program strategies. We will explore how these things are aligned with the Common Core and the new Quality Standards for Expanded Learning in California.

**Please indicate the audience this workshop is intended for (mark all that apply and specify in description if "other"):**

- Site Staff- Elementary School
- Site Staff- Middle School
- Site Staff- High School

### Continuous Quality Improvement

**Please provide a short description of your workshop around this quality standard:**  
New State Quality Program Standards: Using Data to Develop a Program Improvement Process

This workshop will provide participants with an orientation to the new Quality Standards for Expanded Learning in California, an overview of popular program quality assessment tools, and how to use program data to develop program improvement plans that are aligned to the new Standards. This workshop will be experiential and provide hands-on materials that program leaders can take back and use with their programs. The presenter is highly experienced in program improvement planning, as well as the Common Core State Standards and LIAS learning principles.
